

ANDY TAYLOR

Personal Injury

Andy Taylor has built a successful personal injury practice at Taylor & Taylor Law Firm, P.A. He handles complex personal injury litigation matters involving catastrophic injuries and wrongful deaths resulting from causes such as 18-wheeler wrecks, car wrecks and farming equipment accidents. He and law partner (and wife) Tasha Taylor owe their firm's success to their commitment to providing a unique customer service experience for their clients.

"We want all of our clients to know that they are a priority at our firm and that we actually care about them and the outcome of their cases," says Andy.

When they opened their firm in 2010, Andy and Tasha focused on building a law firm that is truly dedicated to their clients. That level of service has earned the Taylors the respect of their clients and of the legal community and results in numerous referrals from attorneys and former clients each year.

After graduating first in his class at the UALR William H. Bowen School of Law in 2005, Andy has remained very supportive of the school. He currently serves as the President of the Bowen School Alumni Association and is a member of the Dean's Advisory Council. Andy has been repeatedly recognized by his colleagues and clients as a top personal injury lawyer in Little Rock Soirée (2013–2015), Arkansas Life Reader's Choice (2014–2015), and Super Lawyers Rising Star (Mid-South 2014–2015).

Outside the office, Andy enjoys spending time with his family, spending time outdoors, and traveling.
